

Journey Into Blessing Course Homework

The homework for each day is encourage you to invite the Lord in and ask Him how He wants to bless in different ways and get you into the habit of thinking about how you would like to be blessed and how you would like to bless other people, places and things in your world. What do you want to see come to pass in your life, in your children's lives, etc? Then, I want you to get into the habit of writing out a 2-3 sentence (or more) blessing and speaking those blessings over yourself.

God wants to move powerfully in your life and empower you to speak the things that He is speaking over you on a regular basis so that it becomes part of you. I realize that this is a paradigm shift for most people. But I assure you that once you take time to begin thinking about these things and agreeing with God, it will become a much more natural practice and then a habit.

I bless you as you do this to experience great success in blessing yourself and the people, places and things around you.

2. What blessing do you want to see in your life within the next year?
3. Write a blessing based on what God spoke to you and on what you would like to see in your life.
Speak this over yourself.
